How to Refer Patients Using dr2dr

dr2dr is a secure, Alberta Health Services-approved platform for sending digital images and referral letters. It's free and ensures your patient's information is transmitted quickly and safely.

Referral Instructions

1. Register or Log In

- Visit dr2dr.ca/login.
- If you don't have an account, follow the prompts to register.
- New registrations are approved by Microquest—this process is quick and secure.

2. Start a New Conversation

- Once logged in, click "New Conversation."
- In the To field, search for and select ARC (Alberta Retina Consultants) as the recipient.

3. Select Referral Type

- Choose "Consultation Request" from the available options.

4. Attach Required Information

- Mandatory**:**
    - Patient's full name and date of birth
    - Diagnosis or reason for referral
- *Recommended*:
    - Relevant clinical notes
    - Diagnostic images or test results (OCT, fundus photos, etc.)
    - Your contact information

5. Send Your Referral

- Review all information for accuracy.
- Click Send to securely transmit your referral to Alberta Retina Consultants.

Important

- All referrals must include our mandatory consultation form.
- Download the fillable PDF from our website: alberta-retina.com/referring-doctors
- Fax the completed form to our office, or attach it to your dr2dr referral.

We look forward to receiving your referrals via dr2dr!
